

Organizational Description

J.D. Monster Bank is a worldwide organization comprising of many smaller bank chains. The financial services provided by J.D. Monster Bank includes Global Banking and Markets, Retail Banking and Wealth Management, Commercial Banking, and Global Private Banking. Our network covers more than 50 nations in Americas, Asia-Pacific, Europe, Middle East and Africa.

Our network of businesses covers the world's fastest growing trade and economic zones. Our client revenue derives from businesses around the world. The value of our network comes from organizations and individuals who drive the economy. We help provide financial services across all sections of the economy from buying groceries to the construction of a world-class airport.

Our clients bank on us to help them manage risks and liquidity cost and overcome obstacles more efficiently. With a unique set of services, we form a bridge between clients, both large and small, around the world.

Our banking services help clients invest and trade internationally. Our bank is an industry leader in global liquidity and cash management; global trade and receivables finance; and foreign exchange.

Organizational structure for the System Migration Project will be as follows:
